DEPARTMENT OF CIVIL ENGINEERING

Visakhapatnam,
Date: 26-02-2020.

To
The Principal
BITS-VIZAG,
Visakhapatnam.
Respected sir,

Sub: Requesting permission for visit the (STP) Sewage treatment plant at Aganampudi regards.

Respected sir,

I Dr. N. Victor Babu Head of the Department Civil Engineering requesting you to give permission for visit the (STP) Sewage treatment plant at Aganampudi to our 4th year Civil Engineering students to visit. This will help to improve their practical knowledge and enhancement of the subject in the field of Civil Engineering.

Thanking you

Yours sincerely,

HOD

Outcomes

Identify and classify the geological minerals

- Measure the rock strengths of various rocks
- Classify and measure the earthquake prone areas to practice the hazard zonation
- Classify, monitor and measure the Landslides and subsidence
- Prepares, analyses and interpret the Engineering Geologic maps
- Analyses the ground conditions through geophysical surveys.
- Test the geological material and ground to check the suitability of civil engineering project construction.
- Investigate the project site for mega/mini civil engineering projects.Site selection for mega engineering projects like Dams, Tunnels, disposal sites etc...

DEPARTMENT OF CIVIL ENGINEERING

Visakhapatnam,

Date: 04/10/2021.

To
The Principal
BITS-VIZAG,
Respected sir,

Sub: Requesting to give permission for on site visit to our 4th Year B.Tech students – regards.

The 4th Year Civil Engineering students are interested to learn and enhance their subject related to HIGHWAY & STRUCTURAL WORK .I request to allow them for field visit on 04/10/2021 (Moday 10AM-2PM).The list of students enclosed with this letter.

Thanking you

Yours sincerely,

Department of Civil Engineering.

DEPARTMENT OF CIVIL ENGINEERING

Visakhapatnam,

Date: 23-07-2021.

To

The Principal

BITS-VIZAG,

Visakhapatnam.

Respected sir,

Sub: Requesting permission for visit the Waste Water treatment plant at Aganampudi regards.

Respected sir,

I Dr. N. Victor Babu Head of the Department Civil Engineering requesting you to give permission for visit the (STP) Sewage treatment plant at Aganampudi to our 4th and 3rd year Civil Engineering students to visit. This will help to improve their practical knowledge and enhancement of the subject in the field of Civil Engineering.

Thanking you

Yours sincerely,

HOD

DEPARTMENT OF CIVIL ENGINEERING

Visakhapatnam,
Date: 25-10-2021.

To
The Principal
BITS-VIZAG,
Visakhapatnam.
Respected sir,

Sub: Requesting permission for visit the Environment related subject at Aganampudi regards.

Respected sir,

I Dr. N. Victor Babu Head of the Department Civil Engineering requesting you to give permission for visit the (STP) Sewage treatment plant at Aganampudi to our 4th and 3rd year Civil Engineering students to visit. This will help to improve their practical knowledge and enhancement of the subject in the field of Civil Engineering.

Thanking you

Yours sincerely,

HOD

Visakhapatnam,

Date: 23/11/2020.

To
The Principal
BITS-VIZAG,
Respected sir,

Sub: Requesting to give permission for on site visit to our 4th Year B.Tech students – regards.

The 4th Year Civil Engineering students are interested to learn and enhance their subject related to BRICK MANUFACTURING. I request to allow them for field visit on 23/11/2020 (Moday 10AM-2PM). The list of students enclosed with this letter.

Thanking you

Yours sincerely,

HOD

Department of Civil Engineering.

Visakhapatnam,

Date: 29-09-2021.

To

The Principal

BITS-VIZAG,

Visakhapatnam.

Respected sir,

Sub:Requesting permission for visit the Waste Water treatment plant at Aganampudi regards.

Respected sir,

I Dr. N. Victor Babu Head of the Department Civil Engineering requesting you to give permission for visit the Waste water treatment plant at Aganampudi to our 4th and 3rd year Civil Engineering students to visit. This will help to improve their practical knowledge and enhancement of the subject in the field of Civil Engineering.

Thanking you

Yours sincerely,

To,
The Superintendent Engineer,
O&M, Machkund Hydro Electric Power Station,
APGENCO, MHE (J) Scheme,
Onukudelli.

Date: 02.12.2021

Dear Sir,

Sub: Industrial visit-Request for grant of permission to visit Machkund Hydro Electric Power Station on 23rd of December 2021-Reg.

We introduce ourselves as Baba Institute of Technology and Sciences, Visakhapatnam. We started functioning from the year 2008 and we always inculcated the importance of industrial visit which is also considered as one of the tactical methods of teaching. Moreover, it gives exposure from academic point of view.

Accordingly, we are planning to conduct an industrial visit, which will provide student a practical perspective on the world of work. It provides students with an opportunity to learn practically through interaction, working methods and employment practices

As part of this process, the Department of Electrical and Electronics Engineering wants to send our students to visit Machkund Hydro Electric Power Station.

We request you to accept our application and give your consent to our students to visit your marvelous engineering project, at your convenience. And also is our sincere request to arrange a guide.

Thank you and looking forward for your favor.

Permission for:

Date	No. of Students	Timings
22 nd and 23 rd of December (Tentatively on any one feasible date)	I-Batch 30 + 2 Faculty II-Batch 20 + 2 Faculty III-Batch 20 + 2 Faculty	As per your convenience

Yours faithfully

To,
The Principal,
Baba Institute of Technology and Sciences
Visakhapatnam.

Respected Sir,

Sub: Faculty On-Duty to Industrial Visit on 22nd and 23rd December 2021, Reg.

As you are aware and we have produced a letter before you on 18th December 2021, with respect to Two Day Industrial Visit to Machkund Hydro Electric Power Plant.

This is hereby to inform you that the following faculty members are going to Industrial Visit along with 78 Students of EEE Department on 22nd and 23rd December 2021.

In this regard I hereby request you to treat their absence in college premises as "On-Duty".

Thanking You!

Yours Faithfully

MADHURAWADA
VISAKHAPATNAM - 530 049

ACKNOWLEDGEMENT:

On behalf of the entire Electrical and Electronics branch, we take this opportunity to offer our sincere thanks to Machkund hydro Power Plant for allowing us to visit the hydroPower Plant & guiding us at every step. We would also like to thank Dr.N. Victor Babu, Principal BITS Vizag.

INTRODUCTION TO THE COMPANY:

Machkund is a 120MW hydro power project. It is located on Machkund river/basin in Odisha, India. The project is currently active. It has been developed in single phase. The project construction commenced in 1948 and subsequently entered into commercial operation in 1955

DESCRIPTION

The project is currently owned by Government Of Andhra Pradesh with a stake of 50% and Government of Odisha.

Machkund Hydroelectric Project

Machkund Hydroelectric Project is located in the Machkund Dam of Koraput district in Odisha. The first unit of power project is commissioned in 1959 and the total installed capacity of power plant is 120 MWe. The hydroelectric project status of power plant is Operational. The construction of the power house is completed in 1959 and soon it started its operations. The Water Source for the generation of electricity in the plant is Machkund River and the basin, where the plant is located is Godavari. The structure type of power house is Dam. The project is erected in the Eastern Hydroelectric Region of the country and the East Flowing Rivers are the Hydroelectric Basin of the plant.

The power plant is a Joint Venture and is owned by the State Governments of Andhra Pradesh and Odisha. The type of turbine used in the power house is Francis. There are six turbines used in the power house. The manufacturer of Turbines of first three units is by the Morgan Smith of USA and the turbines of fourth, fifth and sixth units is by the Jm Voith of Germany. The manufacturer of Generator is by the Westing House of USA. The unit size of plant is 120 MWe having 3 units of 17 MW each and 3 units of 23 MW each. There are six units in operation and all of them are commissioned.

Project Details:

- Hydroelectric Project Name – Machkund Hydroelectric Project
- Commission Year – 1959
- Seismic Zone - Seismic Zone-II

PRINCIPAL
BABA INSTITUTE OF TECHNOLOGY AND SCIENCES
BARKANNAPALEM (V), P.M. PALEM,
MADHURAWADA
VISAKHAPATNAM - 530 048

- Total Installed Capacity in MW – 120 MWe
- Project Type – Major (> 25 Megawatt)
- Hydroelectric Project Status – Operational
- Structure Type - Dam
- Hydroelectric Development Type - Storage
- Position of Powerhouse - Others
- Completion Year - 1959
- Water Source – Machkund River
- Basin – Godavari
- Hydroelectric Region – Eastern Hydroelectric Region
- Hydroelectric Basin - East Flowing Rivers
- Owner – State Government
- Operator – Joint Venture of Govt. of Andhra Pradesh and Odisha
- Address – Koraput, Odisha
- District – Koraput district
- State – Andhra Pradesh and Odisha
- Contact Number – +91 (40) 2349 9000 (Head Office)
- Website – <https://www.apgenco.gov.in>
- Type of Turbine – Francis Turbine
- Number of Turbines used- 6
- Turbine Manufacturer – Units 1, 2 & 3 Morgan Smith (USA)/ Units 4, 5 & 6 Jm Voith (Germany)
- Generator Manufacturer – Westing House USA
- Annual Design Energy - 644 MU
- Firm Power - 81 MW
- Rated Head - 184 m
- Rated Speed - 600 rpm
- Unit Sizes – 3 units X 17 MW + 3 units X 23 MW (120 MWe)
- Total Number of Units - 6
- Units Commissioned – All the six units are commissioned.

DEVELOPMENT STATUS

The project construction commenced in 1948 and subsequently entered into commercial operation in 1955.

OVERVIEW OF THE PLANT:

Hydropower plants capture the energy of falling water to generate electricity. A turbine converts the kinetic energy of falling water into mechanical energy. Then a generator converts the mechanical energy from the turbine into electrical energy.

Hydroplanes range in size from "micro-hydro" that power only a few homes to giant dams like Hoover Dam that provide electricity for millions of people.

Parts of a Hydroelectric Plant

Most conventional hydroelectric plants include four major components (see graphic below):

1. **Dam.** Raises the water level of the river to create falling water. Also controls the flow of water. The reservoir that is formed is, in effect, stored energy.
2. **Turbine.** The force of falling water pushing against the turbine's blades causes the turbine to spin. A water turbine is much like a windmill, except the energy is provided by falling water instead of wind. The turbine converts the kinetic energy of falling water into mechanical energy.
3. **Generator.** Connected to the turbine by shafts and possibly gears so when the turbine spins it causes the generator to spin also. Converts the mechanical energy from the turbine into electric energy. Generators in hydropower plants work just like the generators in other types of power plants.
4. **Transmission lines.** Conduct electricity from the hydropower plant to homes and business.

PLANT FEATURES:

<input type="checkbox"/> Plant Capacity	: 1230MW
<input type="checkbox"/> Land for Plant	: 17,750 acres
<input type="checkbox"/> Type of plant	: Vertical kaplan
<input type="checkbox"/> Length of penstock	: 40m
<input type="checkbox"/> Penstock(internal diameter)	: 2.60m
<input type="checkbox"/> Height of dam	: 36.28m

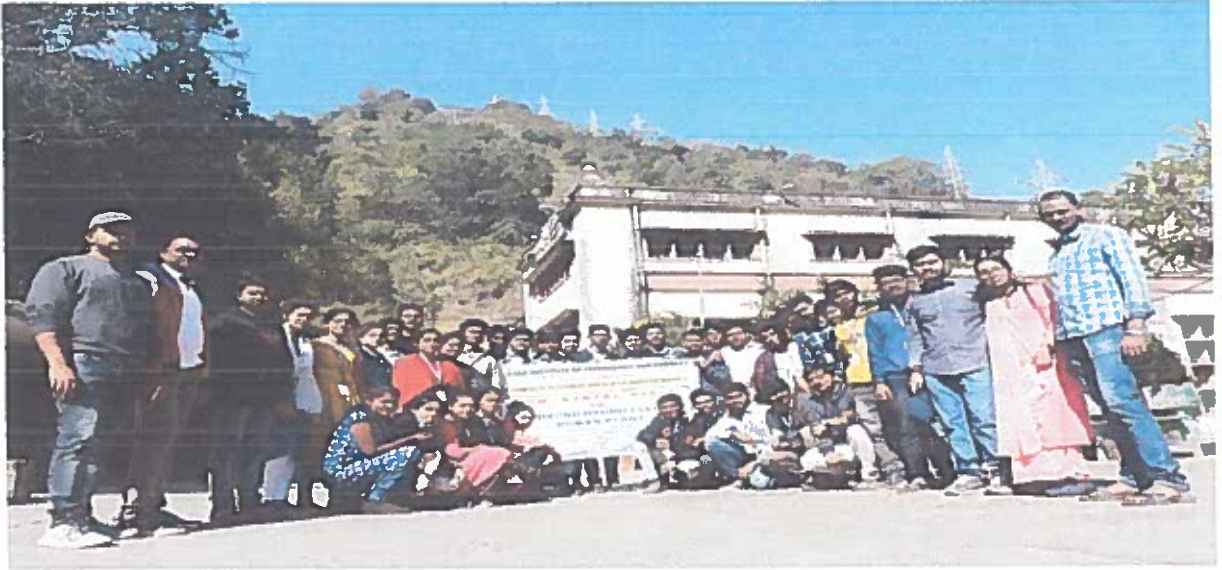

OUTCOME OF THIS VISIT

Industrial visits enhance the practical knowledge of students to empower them with the recent developments in the core field and also to provide with a fair idea of the work environment at the power station. Students were very happy and expressed their gratitude to Management, Principal, HOD & faculty members for their great support and encouragement.

CONCLUSION:

The Industrial Visit to the Machkund Hydro Power Plant, Onukdelli was highly successful. We received insight of the whole plant right from the raw material (water) procurement, processing, generation & transmission of electricity. The whole process was explained in-detail by their representative with detailed description about each equipment with their specifications. A doubt solving session with the Control Room Incharge cleared all our queries. This kind of industrial exposure helped us to absorb the theoretical aspects of Power Plant and Power Electronics Engineering more efficiently.

To
The Divisional Railway Manager,
East Coast Railway,
Visakhapatnam.

Dear Sir,

Sub: Industrial visit-Request for grant of permission to visit Diesel Loco Shed for our Students.

We introduce ourselves as Baba Institute of Technology and Sciences, Visakhapatnam. We started functioning from the year 2008. The main objective of our college is to enrich our engineering graduates with a good professional career.

With an aim to go beyond academics, we are planning to conduct an industrial visit, which will provide student a practical perspective on the world of work. It provides students with an opportunity to learn practically through interaction, working methods and employment practices.

As part of this process, the students of 1st year are interested to visit your esteemed Diesel Loco Shed, Visakhapatnam, along with faculty member.

We request you to accept our application and give your consent to our students visit to Diesel Loco Shed, on 24th August 2019. And also our sincere request to arrange a guide.

Thank you and looking forward for your favor.

Regards
HoD Mechanical

ELECTRONICS AND COMMUNICATION ENGINEERING

Visakhapatnam,
Date: 28-12-2020

To
The director,
Doppler Weather Radar Station,
Kailasagiri ghat RD,
Visakhapatnam,
Andhra Pradesh.

From
Head of the Department,
Electronics & Communication Engineering,
Baba Institute of Technology and Sciences.

Dear Sir,

Sub: Field visit-Request for grant of permission to visit Doppler Weather Radar Station for our Students.

We are from Baba Institute of Technology and Sciences, Visakhapatnam. We started functioning from the year 2008. The main objective of our college is to enrich our engineering graduates with a good professional career.

With an aim to go beyond academics, we are planning to conduct a field visit, which will provide student a practical perspective on the industrial world. It provides students with an opportunity to learn practically with interaction and can know the working methods and employment practices.

As part of this process, the students of 2nd years are interested to visit Doppler weather Radar Station, Visakhapatnam along with faculty member.

We request you to accept our request and give your consent to our students to visit to Doppler weather Radar Station on 8th January 2021.

Thank you and looking forward for your acceptance.

Yours Sincerely,

HOD-ECE

ELECTRONICS AND COMMUNICATION ENGINEERING

Outcomes of the Field visit:

1. On receiving the permission from the college and Radar station Students of II year ECE went to the Doppler weather Radar Station on 8-01-2021.
2. After students reached the radar station, students were given a brief introduction on how a radar works as a Weather detector and how it detects the cyclone.
3. Students got to know how to detect the cyclone effects and calculation of weather on every day basis.
4. Students got a brief understanding of how each instruments like thermo meters for the temperature measurement and rain fall, sunshine recorder, anemometer for measuring speed of the wind, mercury barometer, high speed wind recorder, radar works in the Doppler Weather Radar Station.

DEPARTMENT OF MANAGEMENT STUDIES

Ref. No.: BITS/DMS/CP/2020-21/A13

Date: 18.02.2021

To,
The Principal,
BITS-VIZAG

Respected Sir,

Sub: Seeking permission for Industrial Visit- Reg.

With reference to the above subject cited above, this letter is to inform that Department of Management studies seek your permission for an industrial visit to . the visit would be done on 20th February 2021. This visit might help the students in attaining good knowledge in desired field making it easy for them to understand the practical working of theories.

I ensure all students will definitely maintain the decorum at the place. I eagerly await your positive response as I have to inform all the students about the same.

Yours Sincerely,
(Mr. P. MANOJ BABU)
HOD-DMS, BITS Vizag.

Visakha Container Terminal

Visakha Container Terminal (VCT) operates the container terminal in Visakhapatnam. Located in centre of India's East Coast and closest to the Malacca Straits, VCT is an ideal gateway for container traffic from states of AP, Telangana, Chhattisgarh, Odisha, Maharashtra, Jharkhand, Madhya Pradesh & West Bengal.

VCT is blessed with a natural depth of 16 m alongside (deepest in the country) and state of art container handling infrastructure. Present terminal capacity is 0.55 million TEUs and this will be extended to more than 1.5 million TEUs by 2021. The terminal is well equipped with modern infrastructure including Post Panamax STS cranes, latest NAVIS SPARCS N 4 software, more than 366 reefer plug points, adequate power back up, 2 full length rail sidings and fully computerized environment. The organization has Navis N4 as the Terminal Operating System (TOS) and has moved a step further integrating with SAP.

VCT is gradually evolving as a regional transshipment hub in the Bay of Bengal with containers from Kolkata, Haldia, Paradip, Kakinada, Chittagong and Yangon getting transhipped here.

It has well established rail and road connectivity to the hinterland thereby providing smooth access for cargo movement to local hinterland and ICDs at NCR, Nagpur, Hyderabad and Raipur. VCT is accredited with ISO 9001:2015, ISO 14001:2015, OHSAS 18001: 2007, ISO 28000:2007, ISO / IEC 27001:2013 and has been conferred AEO status by Customs.

The terminal has been recording a decent growth year on year with a CAGR of 22% since inception. Plans have been drawn out for further expansion. The Port will have a longer quay line (~ 850 m) for container vessels and 1.5 million TEUs in capacity over the next 5 years. Given the natural advantages that this port enjoys in terms of location, access, natural assets, connectivity, and the burgeoning industry that surrounds it, VCT is expected to grow at the pace that has been established over the last few years possibly at a higher rate.

OUTCOMES OF INDUSTRIAL VISIT(VCTPL):

1. Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.
2. VCTPL helps to know about the status of the containers from terminal to terminal and study of container operations.
3. Students benefited by knowing about IMPORT/EXPORT, handling of ICD containers, Reefer Operating, container handling and storage, Rail Operations and Value-added Services.

4. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.
5. Industrial visits grant the students a great opportunity to interact with industries and know more about industrial environment.
6. Industrial visits are arranged by colleges for their respective students with an objective of providing them an opportunity to explore the different industry sectors like IT, manufacturing, services, finance and marketing.
7. Industrial visit helps students to combine their theoretical knowledge of business operations with the practical knowledge of its actual functioning.
8. Industrial realities are opened to the students through industrial visits.
9. When pursuing a professional degree like MBA, industrial visit has its own importance for students because only the theoretical knowledge is not sufficient for their proper understanding of the actual business operations at the ground level.
10. The practical knowledge of how a business can be started and what are the real life challenges being faced can only be learnt through have practical experience from industrial visits.
11. By way of interactions with the staff of the industry, students get more exposure towards the current work conditions of any industry.
12. Another important perk of going for an industrial visit is that it acts as a bridge between the student and their dream company. The chances of building-up a good relationship with the employees and actually getting an opportunity for an internship or even placement in that company is maximum based on their outstanding performance in spot assignments and showing good manners.
13. The employee contacts are precious especially when the students wish to pursue the same career.
14. Last but not the least, the certificate of participation in an industrial visit is an added advantage to showcase in one's resume.
15. Industrial Visit brings clarity to important management concepts, as students practical experience first -hand how these concepts are put into action.

Industrial visit bridge the gap between classroom theoretical training and practical learning in a real-life environment. It provides an opportunity for students to ask questions related to their area of interest. With regular industrial visits, the students are able to identify their prospective area of work like marketing, finance, logistics, etc. This also gives students a platform to enhance their interpersonal skills. The students get to see the best practices opted by different companies for similar work.
