Sl. No	Suggestions	Action proposed
1	Curriculum research is more important for MBA students.	Conduct a simple action research based on the identified company issues where the students are currently connected as part of the course requirement.
2	Use of statistical tools and exposure to the practical and technical things.	Give activities that will apply knowledge of statistics on forecasting as requirement in Operations management.

**DEPARTMENT OF MANAGEMENT STUDIES**

Sl. No	Suggestions	Action proposed
1	Theory should be converted in to action	Industrial visits, workshops and internships will be planned in order to understand the practical elements.
2	Developing advanced and flexible management skills is important in this scenario.	Technology has to be adopted in order to know the process.
3	Need to develop communication skills and for the career change and thriving business opportunities.	CRT programs and personality development will be planned to meet their respective objectives.

**DEPARTMENT OF MANAGEMENT STUDIES**

Sl. No	Suggestions	Action proposed
1	The text books and reference books of different authors to be maintained and can help to refer different books for the same topic.	The department will take initiative and identified text books and reference books which are of different authors for each subject and new books will be purchased in library.
2	Regular faculty feedback about curriculum has to be taken	Faculty feedback systems to be planned which will connect the appraisal process of course.
3	Curriculum of MBA program has inbuilt flexibility should offer wide range of specializations and electives focusing on experiential learning.	The department has taken initiated to make them learn about all streams during last period of the sessions.

Sl. No	Suggestions	Action proposed
1	Courses has an extremely diverse span of topics covered only in the field of management both theoretical and practical.	Additional courses in terms of technology help the students to get opportunities in IT industries.
2	The syllabus imparted value based learning in terms of skills, knowledge and critical thinking in students.	Group discussions, Role play method and simulation training helps the students to impart the values.
3	Competencies in relation to the course content are to be adopted	CRT programs will be arranged so as to prepare students for the placements.

**DEPARTMENT OF MANAGEMENT STUDIES**

Sl. No	Suggestions	Action proposed
1	Critical thinking and problem solving skills has to include more in the course.	By discussing more case studies helps the students to solve the problems and can improve the thinking levels.
2	Landing a management position, developing strong professional network is very important to the professional students.	Management activities will be planned in order to the learning strategies and to build strong network connections.
3	Designing an effective application strategy is deciding on the subset of qualities and strengths	Analytical intelligence makes ability to solve quantitative problems so focus on gaming theory will be planned.

**DEPARTMENT OF MANAGEMENT STUDIES**

Sl. No	Suggestions	Action proposed
1	Imparting executive education and class with considerable work experience but not lousy with regular course.	The department will initiate to take measures to meet the required objectives.
2	Teaching Competencies has to give preference for learning new skills	Faculty members will be motivated to attend workshops, FDPs and also to write research papers to develop competencies.
3	Syllabus was vast and cannot justify in few semesters.	The faculty members has to use PPT's and need to cover all the topics in brief and simple.
